

Welcome Email for New Distributors

To help you and your team members duplicate the process of effectively growing your Synergy business, we put together the New Distributor Orientation program. **One of the most common questions we get is where to start.**

To help you, we suggest starting with a **“Welcome Email”** sent to your new distributor.

Below is a suggested “Welcome Email.” It helps you provide a starting point for your new distributor. As well as helping you establish a working relationship with that person. This has two benefits:

- 1. It provides guidance for your new distributor** and helps them get started in developing their Synergy business.
- 2. It provides you with the opportunity to help your new distributor be Elite Honors qualified** by following a step-by-step process. This benefits them and it benefits you.

With this in mind we developed an email that you can send to your new distributors. **Please feel free to copy and paste it into an email that you send them them.** Just make sure to personalize it to them and have your name at the end.

Or, you can adapt this email to your own voice and style. **The key is to send a “Welcome Email”** to help your new distributors start the process of developing their Synergy business. And, using the Elite Honors Program as their core building block.

If you have any questions on this process, then please contact either David Munoz at 1-800-786-2117 or Dan Hammer at 1-800-966-3012.
